

Merging movies

- Here is example using mplayer
 - `mencoder -oac copy -ovc copy video1.avi video2.avi -o final.avi`
- Here is another command line tool
 - `avimerge -o final.avi -i video1.avi video2.avi`

Bash Scripts for Movies

- Look in folder UTILITIES for useful bash scripts
- Copy and use scripts as boiler plate scripts for making your own custom solution
