# Use your favorite svn client and the svn URL

- Replace XXX below with your user account on the image.diku.dk server. If you do not have an account then write to kenny@di.ku.dk to obtained one

- svn+ssh://XXX@image.diku.dk/home/mmg/svn/CODE/GRIT_PROJECT

Will be replaced by github

This is what you get from svn checkout

Now let us just briefly explain the content of this folder structure
